Goatsefication

- 2014-09-26.1732 Start of new server configuration.
- 2014-03-08.1808 Server certificates have been updated, after they have expired.
- 2013-12-06.2058 Fighting the bot invasion. Deleted over 352 fake users.
- 2013-12-06.1258 Had to disable user registration, due to massive bot invasion.
- 2013-12-05.1957 Killed my dokuwiki installation with an update. I have made a fresh install of dokuwiki and copied my backup into the correct folders. Flatfile content FTW!
